

## Impuls-IIA™ Cal. 9mm

Further Information

- Cal. 9mm
- Thread for direct mounting on threaded barrel
- 31dB A noise reduction

### Technical Data

| Description                 | Impuls-IIA Cal. 9mm                 |
|-----------------------------|-------------------------------------|
| Manufacturer                | B&T AG - Switzerland                |
| Article-No.                 | SD-988006-G913.5L                   |
| Thread size*                | M13.5x1 Links                       |
| Calibre                     | 9mm                                 |
| Length                      | 199 mm                              |
| Length past barrel          | 185 mm                              |
| Tube diameter               | 35 mm                               |
| Weight                      | ~405 g                              |
| Material                    | Aluminium, Stainless steel          |
| Colour                      | Black - Cerakote coating on request |
| Surface treatment           | Hardcoat anodised, QPQ treatment    |
| Sound reduction             | ~ 31dB A                            |
| Service Life                | min. 5.000 rounds                   |
| Ambient temperature for use | -45°C...70°C                        |
| NSN                         | 1005-41-004-1207                    |
